

Navigation System Installation Guide

RX 330:

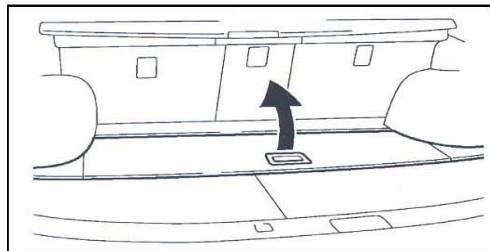

1. Replace the navigation DVD

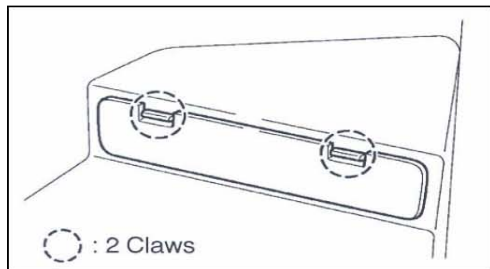

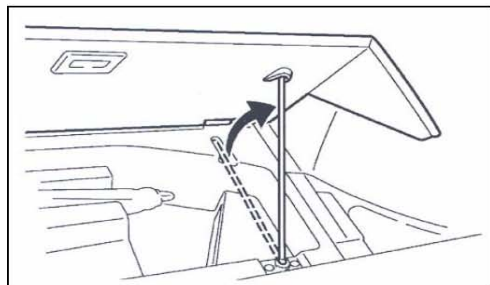

- a. Turn the ignition switch to the "ACC" or "ON" position.
- b. Open the rear hatch.

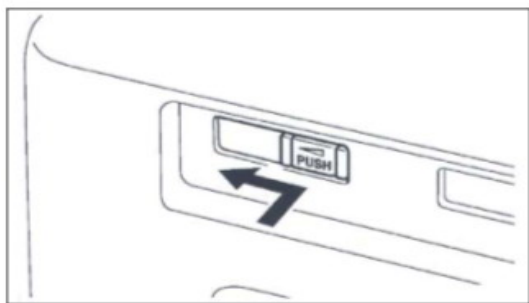

- c. Open the deck board sub-assembly.
- d. Support the deck board via the supporting rod.

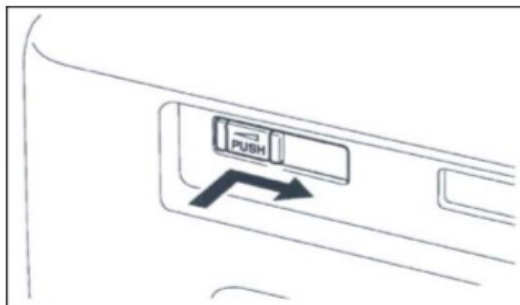

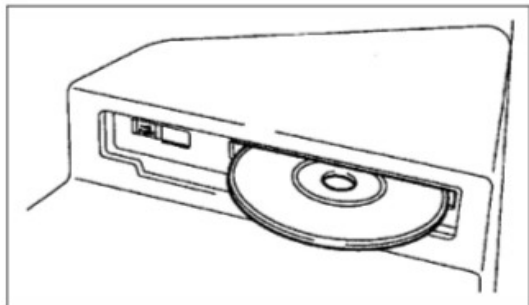

- e. Disengage the 2 claws.
- f. Remove the navigation ECU cover.
- g. Press the "PUSH" button and slide it to the left.
This will open the dust cover and eject the DVD.
- h. Remove and discard the old DVD.

Navigation System Installation Guide

j. Press the "PUSH" button and slide it to the right.
This will close the dust cover

k. Reinstall the navigation ECU cover.
l. Return the support rod to the closed position.
m. Close the deck board sub-assembly.

2. Verify the search area is set to the local area described in the navigation system owners manual.
3. Your navigation system will now update on its own.
