Extension of Warranty Coverage for Engine Oil Cooler Hose Seep/Leak**

Dear Dealer Principal:

In our continuing efforts to ensure the best in customer satisfaction, Lexus is announcing a **Warranty Enhancement Program** to extend the warranty coverage for repairs related to a leaking or seeping Engine Oil Cooler Pipe

In these vehicles, Lexus has received some reports where vehicles can experience an oil leak or seep from the engine oil cooler pipe.

Although the engine oil cooler pipe is covered by Lexus' New Vehicle Limited Warranty for 4 years or 50,000 miles (whichever occurs first), Lexus cares about each customer's ownership experience. Lexus is now extending the warranty coverage for repairs related to a leaking or seeping engine oil cooler pipe.

The following information is provided to inform you and your associates of the program notification schedule and the degree of your involvement. Additionally, an FAQ covering details of this Warranty Enhancement Program is enclosed for your reference.

Owner Notification Letter Mailing Date

The owner notification letter will commence in mid-August, 2014 and will be mailed over several months. A sample of the owner notification letter is enclosed for your reference.

Warranty Enhancement Program Details

This Warranty Enhancement Program provides a Primary and Secondary warranty extension to the affected vehicles' "New Vehicle Limited Warranty" for repairs related to a leaking or seeping engine oil cooler pipe. If the condition is verified the vehicle will be repaired with a new engine oil cooler pipe under the terms of this Warranty Enhancement Program.

- The **Primary Coverage** offers warranty enhancement until January 31, 2016, with no mileage limitation.
- After the Primary Coverage period ends, the **Secondary Coverage** is applicable for 10 years from the date of first use or 150,000 miles, whichever occurs first.

This coverage is for warranty work performed at an authorized Lexus dealer only. It is subject to the same terms and conditions set forth in the New Vehicle Limited Warranty Section of the Owner's Warranty Information booklet. For example, damage from abuse, an accident, theft and/or vandalism is not covered by the New Vehicle Limited Warranty or this warranty enhancement.

Number and Identification of Covered Vehicles

There are approximately 383,500 vehicles covered by this Warranty Enhancement Program.

Please refer to Warranty Policy Bulletin POL14-02 for identification of vehicles covered by this warranty extension.

Warranty Claim Processing Instructions

Please refer to Warranty Policy Bulletin POL14-02 for specific warranty claim processing instructions. *All parts replaced for this repair are subject to warranty parts recovery.*

Technical Instructions (Repair Procedures)

Technical instructions can be found in L-SB-0154-11.

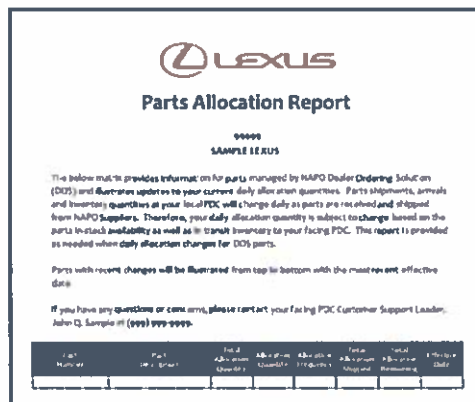

Parts Ordering

As this is an extension of the warranty, most customers will only request reimbursement from Lexus for past replacements. Dealers should not increase their stock of engine oil cooler pipes. As always, if a customer experiences the condition described, dealers should conduct appropriate diagnosis and order the applicable parts.

Refer to Warranty Policy Bulletin POL14-02 for detailed parts ordering information.

Dealers are requested to only order parts for vehicles experiencing this condition. *Do not order for stock.*

The parts have been placed on Dealer Order Solutions (DOS) and will be systematically released daily. Please reference the Parts Allocation Report e-mailed to you by your facing PDC manager.

*In the unlikely event a vehicle has experienced engine damage due to a failed engine oil cooler pipe, please create a case with the Technical Assistance (TAS) Hotline to document the extent of the damage. You will need to provide pictures of the leaking or ruptured oil cooler pipe. Additionally, provide a description of the engine damage you believe has occurred (upper/lower engine noise, visible damage, metal particles in oil, etc.). **DO NOT disassemble the engine for complete diagnosis before contacting TAS.** The TAS agent will validate that the condition was related to the oil cooler pipe and approve and document additional diagnostics.*

Once TAS has documented the extent of the damage, parts that are on Manual Allocation Control (MAC) will be authorized for release. Additionally the TAS line will provide information on how to file the warranty claims for these cases.

Customer Reimbursement Procedures

If a customer has previously paid for repairs to address the condition described, the customer should be directed to visit the following website for reimbursement consideration:

www.ReimbursementLexus.com

Additionally, customers can also mail a copy of the repair order, proof-of-payment, and proof-of-ownership to the following address for reimbursement consideration:

Lexus Customer Experience Center
19001 South Western Avenue, L201
Torrance, CA 90509

Please review this entire package with your associates to familiarize them with the proper procedures to implement this warranty extension.

As part of our dedication to continuous improvement, changes have been incorporated in the production process to ensure the highest quality products are provided to our customers.

Thank you for your continued support and cooperation.

WARRANTY ENHANCEMENT NOTIFICATION - ZLC

Re: <VIN>

Dear Lexus Owner:

At Lexus, we are dedicated to providing vehicles of outstanding quality and value. As part of our continual efforts to ensure customer satisfaction, Lexus would like to advise you of an enhancement to portions of your Lexus New Vehicle Limited Warranty. Lexus has received some reports where vehicles can experience an oil leak or seep from the Engine Oil Cooler Pipe.

Please Note: Vehicles can exhibit oil leaks due to a variety of reasons which may not be related to the Engine Oil Cooler Pipe. If your vehicle has an oil leak, Lexus will perform diagnosis to determine if it is related to the Engine Oil Cooler Pipe at no charge to you. If the cause of the oil leak is not related to the Engine Oil Cooler Pipe, additional diagnosis to determine the source of the leak and repairs would be your responsibility (refer to your vehicle's "New Vehicle Limited Warranty" for additional details).

While the majority of vehicles will not experience an oil leak or seep from the Engine Oil Cooler Pipe, to assure you that we stand behind our product, we are offering the following New Vehicle Warranty Extension:

What should you do?

Please apply the sticker below to your Owner's Warranty Information Booklet for future reference. If you have not experienced the condition described above there is no action necessary at this time.

Frequently Asked Questions

ZLC

Q1: Is this a recall?

A1: No. This is not a recall. At Lexus, we are dedicated to providing vehicles of outstanding quality and value. As part of our continual efforts to ensure customer satisfaction, Lexus is advising you of this Enhancement to the Warranty Coverage to assure you that we stand behind the product.

Q2: If my vehicle does not have this condition, do I need to make an appointment with my dealership?

A2: No, you do not need to take your vehicle to a dealership unless your vehicle is exhibiting the condition described in this letter. If you have not experienced this condition, please apply the sticker to your *Owner's Warranty Information booklet* for future reference.

Q3: Is the Warranty Enhancement Program coverage transferable if I sell my vehicle?

A3: Yes, this Warranty Enhancement coverage is fully transferrable to subsequent vehicle owners for the condition and terms specified in the notification letter.

Q4: What should I do if my vehicle has the condition described?

A4: If you experience this condition, please contact any authorized Lexus dealer and make arrangements for diagnosis and, if applicable, repair.

Q5: Will Lexus provide an inspection to determine if the Engine Oil Cooler Pipes are leaking or seeping?

A5: Lexus will not be providing a proactive inspection for this warranty enhancement program. Lexus recommends that you perform regularly scheduled maintenance on your vehicle; part of this maintenance includes inspecting for oil leaks. If you have your vehicles serviced at an authorized Lexus dealership, they will typically bring to your attention any concerns they may find, such as an oil leak. If you notice signs of oil leaks from your vehicle, please contact your local authorized Lexus dealer for appropriate diagnosis and repair. If the cause of the oil leak or seep is related to the Engine Oil Cooler Pipe(s), the repair will be performed under the terms of this warranty enhancement program.

Please Note: Vehicles can exhibit oil leaks due to a variety of reasons which may not be related to the Engine Oil Cooler Pipes. If your vehicle has an oil leak, Lexus will perform diagnosis to determine if it is related to the Engine Oil Cooler Pipe at no charge to you. If the cause of the oil leak is not related to the Engine Oil Cooler Pipes additional diagnosis to determine the source of the leak and repairs would be your responsibility (refer to your vehicle's "New Vehicle Limited Warranty" for additional details).

Q6: How long will the repair take?

A6: If the condition is present on your vehicle, the repair will take approximately 1.5 hours. However, depending upon the dealer's work schedule, it may be necessary to make the vehicle available for a longer period of time.

Q7: What if I have additional questions or concerns?

A7: If you have additional questions or concerns, please contact the Lexus Customer Assistance Center at 1-800-255-3987 Monday through Friday, 5:00 am to 6:00 pm, or Saturday 7:00 am through 4:00 pm Pacific Time
