- -Ada, ID: Modified city-level admin polygons for Meridian, Boise and Garden City.
- -Canyon County, ID: Added 13 new subdivisions throughout the county.

#### **Hawaii (GEN 5 ONLY)**

- -Updated HI-311 to multi-digitized and reconfigured the intersection with HI-310 in Maui County, Hawaii.
- -3 subdivisions were updated in Honolulu County, Hawaii.
- -3 subdivisions were updated in Maui County, Hawaii.
- -Additional names and addresses were added in Honolulu County, Hawaii.
- -A ferry route used by the Hawaii Superferry was added between Honolulu and Kahului in Honolulu and Maui Counties. Corresponding Ferry Terminal POIs were also added.

#### **Illinois**

- -A new Functional Class 4 interchange, Exit 232, was added on I-57 in Champaign County, IL. The new interchange required geometry, attribute and sign updates to I-57 and W Curtis Rd.
- -US-20 in Stephenson County, IL has been Field Verified and updated to a multiple digitized road. These changes have occurred from just north of the Springfield Rd interchange to the existing interchange at IL-26. The interchange at IL-75 has also been redesigned.
- -Yorkville, IL, Oswego, IL, New Lenox, IL, Savoy, IL, Sandwich, IL, Naperville, IL and Bloomington, IL have had their city polygon representations updated.
- -The village of Campton Hills, IL, an incorporated area, is now represented in the NAVTEQ database. A city polygon, Named Place POI, City Hall and Police Station POIs were all added as a result.
- -In the city of Elgin, US-20-BR was removed from its previous path.
  - The Greater Peoria Regional Airport has been Field Verified and updated for any geometry, signs, POIs and attribute changes. The airport was also renamed Gen Wayne A Downing Peoria Int'l.
- -Postal code 60642 was added to Chicago, IL in the Wicker Park area.
- -Postal code 61705 was added to Bloomington, IL
- -Additional names and addresses were added in the following counties in Illinois: Lake and Kane.
- -Through Field Verification, the addressing in Hannah City, IL has been updated.
- -Additional names, addresses, and geometry were added in Putnam County, IL as part of upgrading rural counties.
- -Updated 4 subdivisions in Champaign County, IL.
- -Updated 1 subdivision in LaSalle County, IL.
- -Updated 1 subdivision in Peoria County, IL.
- -Updated 1 subdivision in Marshall County, IL.
- -Updated 12 subdivisions in Kankakee County, IL.
- -Updated 2 subdivisions in Tazewell County, IL.
- -W 63<sup>rd</sup> St has been upgraded from a Functional Class 5 to a Functional Class 4 road between S Central Ave and S Cicero Ave in Chicago, IL.
- -Additional names and addresses were added in the following counties Will County, IL
- -The POIs and signs were updated at Midway Airport in Chicago, IL.
- -In Plainfield, IL, US-30 has been rerouted to follow IL-59 north from W Lockport Rd to W 143<sup>rd</sup> St and then over to Lincoln Hwy. The routing change required that W 143<sup>rd</sup> St be upgraded to a Functional Class 3 Rd. All other Functional

Class paths remain unchanged in this area.

- -Updated 1 subdivision in DeKalb County, IL.
- -Updated 3 subdivisions in Grundy County, IL.
- -Field verified and updated the interchange at I-88/Ronald Reagan Memorial Tollway and N Naperville Rd. This is a partial update. Further updates will be forthcoming at this interchange as construction completes.
- -Field verified and updated the geometry, attributes and sign information for I-294 and I-80 between Dixie Hwy and the I-294/I-80 split in Cook County, IL.
- -Field verified and updated the geometry, attributes and sign information for the Dan Ryan Expy in Chicago, IL.
- -Highway signs were updated for exit and entrance ramps at Exits 55A and 55B along the Dan Ryan Expressway.
- -In Toluca, IL, S Walnut St was upgraded from Functional Class 5 to Functional Class 4 between E Santa Fe Ave and E Bennington St in order to maintain Functional Class connectivity when it was discovered that Hickory St between E Santa Fe and E Bennington St no longer crossed the railroad tracks. As a result Hickory St was downgraded from Functional Class 4 to Functional Class 5
- -The intersection of Functional Class 4 roads, N Gilmer Rd and N Fairfield Rd, in Wauconda, IL has been redesigned to include road grade separation. As a result, a new connector road just north of the old intersection has been added as a Functional Class 4 road to allow access to both roads.
- -Field verified and updated the ramp from eastbound I-190 to I-294 northbound and I-90 westbound has been reconfigured in Rosemont, IL.
- -Southbound I-57 Exit 254 to W 119<sup>th</sup> St was upgraded to Functional Class 4. The on ramp from W 119<sup>th</sup> St to southbound I-57 was also upgraded to Functional Class 4.
- -Field verified and updated geometry, attributes and Functional Class of diagonal road between W 22<sup>nd</sup> St/W Cermak Rd and 1<sup>st</sup> Ave in Cook County, IL. This diagonal road is now a Functional Class 4 road.
- -Toll booth locations were updated on I-88 in DeKalb and Lee counties in Illinois. In addition, the toll booths were also updated on I-88 in DuPage County, IL between I-355 and I-294.
- -Updated the city polygon of Wauconda in Lake County, IL.
- -Updated the city polygon of Hampshire in Kane County, IL.
- -Updated 1 subdivision in Cook County, IL.
- -Updated 4 subdivisions in Lake County, IL.
- -Updated 2 subdivisions in Kane County, IL.
- -Based on Field Verification, the ramps at Exit 53 on the east side of I-57 in Marion, IL have had their geometry, attributes and signs updated.
- -Field verified and added a 2-mile multi-digitized stretch of US-136 and IL-336 in Hancock County, IL. Also added new ramp geometry and signs at the interchange of US-136 and IL-336 in Hancock County, **Indiana**
- -Through Field Verification, the interchange at W 38<sup>th</sup> St and I-465 in Indianapolis, IN has had signs, geometry and attributes updated.
- -Based on Field Verification, a new interchange, Exit 68, has been added at Ronald Reagan Pky and I-74 in Hendricks County, IN.
- -A POI for Lucas Oil Stadium has been added to the NAVTEQ database.
- -E Ohio St in Indianapolis has been removed from the corner of E Ohio St and N Pine St to the I-65 on ramp at E Washington St/US-40.
- -Additional names and addresses were added in the following counties in Indiana: Howard, St Joseph, Allen and Hamilton.
- -A construction project on I-65, a Functional Class 2 road, between the 15<sup>th</sup> Ave interchange and I-80/I-94/US-6 that required closure in the Q2 2008 NAVTEQ database has been reopened in the database in anticipation of reopening in December 2008.

- -The Hendricks County Airport has been added to the NAVTEQ database.
- -In Anderson, IN, Central Ave was upgraded between Main St and E 7<sup>th</sup> St including the segment of E 7<sup>th</sup> St between Main St and Central Ave from a Functional Class 5 to a Functional Class 4 road. This upgrade was necessary to provide a Functional Class 4 path northbound since Main St is a southbound one way path between E 7<sup>th</sup> St and Central Ave.
- -The intersection of IN-2, IN-130 and N Sturdy Rd in Valparaiso, IN has been updated to include a newly construction Functional Class 3 roundabout.
- -Additional names and addresses were added in Howard County, IN
- -IN-238 has been realigned from Exit 10 on I-69 north to a redesigned intersection of IN-238 and E 146<sup>th</sup> St in Noblesville, IN.
- -In Noblesville, IN, E 146<sup>th</sup> St has been extended from Cumberland Rd to IN-238. With the completion of this section of E 146<sup>th</sup> St, the Functional Class has been upgraded from IN-37 to IN-238 from a Functional Class 5 road to a Functional Class 4 road.
- -Brooks School Rd between E 116<sup>th</sup> St and 136<sup>th</sup> St and the segment of Frontage Rd from 136<sup>th</sup> St has been downgraded to a Functional Class 5 road/path as a result of the changes to IN-238 and the new Hamilton Town Center.
- -Central Ave between E 7<sup>th</sup> St and the point where Main St becomes a bidirectional road again and E 7<sup>th</sup> St between Main St and Central Ave has been upgraded to a Functional Class 4 to provide a Functional Class connectivity through Anderson, IN.
- -In Bartholomew County, IN, there have been two updates pertaining to the geometry and route or path for IN-46. The first update involves straightening the road from Jefferson St (in Hartsville) south to E 300 N. The second update centers around Columbus where IN-46 has been removed from its path that followed 25<sup>th</sup> St into the city, then south on Washington St continuing onto IN-11 down to IN-7. IN-46 now follows IN-9 south from its intersection with 25<sup>th</sup> St down through the US-31 intersection to join up with IN-7. At this point, IN-46 heads back to the north following IN-7 eventually meeting back up with the old path of IN-46 to continue west from the East Fork White River. This new path for IN-46 has been upgraded to a Functional Class 3 road. The previous path has subsequently been downgraded to a Functional Class 4 road. In addition to maintain Functional Class connectivity, US-31 from 25<sup>th</sup> St south to IN-7 has been upgraded to a Functional Class 3 road.
- -Ameriplx Parkway/ 6 Points Rd/ Ronald Reagan Parkway in Hendricks and Marion counties, IN has been completed between Kentucky Ave/IN-67 in Marion County and US-40 in Hendricks County. This section has been given a Functional Class 3 classification. A new interchange with I-70 is also involved here at the Marion/Hendricks County line.
- -Updated 1 subdivision in Boone County, IN.
- -Castleton Square Mall geometry, restaurant and cinema POIs were verified in Marion County, IN.
- -Greenwood Park Mall geometry and restaurant POIs were verified in Johnson County, IN.
- -In Terre Haute, IN, Ohio St from US-150/US-41/IN-63 to S 11<sup>th</sup> St was upgraded from Functional Class 5 to Functional Class 3. S 11<sup>th</sup> St between Ohio St and Wabash Ave was also upgraded to Functional Class 3. US-40 E was also added to this path.
- -Field verified and updated attributes on I-70 between I-65 and I-465 in Marion County, IN.
- -Field verified and updated attributes at I-465/I-69 interchange in Marion County, IN.
- -Updated 7 subdivisions in Hendricks County, IN.
- -Updated 8 subdivisions in Johnson County, IN.
- -Updated 2 subdivisions in Vigo County, IN
- -The interchange between I-74 and US-421 in Decatur County, IN has been modified.
- -Updated a section of University Blvd, making it multi-dig from IN-62 to Hogue Rd and updating the functional class from 5 to 4 in Vanderburgh County.

- -In Bedford, IN, US-50 was relocated to follow the same path of IN-450 from M St to IN-37. The old path of US-50, now US-50-BR, which followed M St and Mitchell Rd south from IN-450 to IN-37, has been downgraded from Functional Class 2 to Functional Class 4.
- -Field verified attributes, geometry and addressing for the extension of IN-37 north from I-64 to IN-64 in Perry County. This is a Functional Class 3 road.
- The French Lick Casino and associated hotels have been added to the database.
- -IN-48 has been realigned in Dearborn County from Bielby Rd to US-50. As a result of this realignment, IN-48 was removed from its' old route following Bieby Rd down to US-50 and was downgraded to a Functional Class 5 road.

#### **Iowa**

- -Field verified and added a new 7-mile multi-digitized stretch of US-63, a Functional Class 2 Road, in Wapello County, IA. Also added new ramp geometry and signs at the following interchanges in -Wapello County, IA: US-34 and US-63, US-63 and IA-49, US-63 and CR-H25/Dahlonge Rd, US-63 and 100<sup>th</sup> St/Pennsylvania Ave.
- -Postal Code 52737 has been added to the DB for Columbus City, IA.
- -Field verified and updated the geometry, attributes and signs at the I-235/ I-80/I-35 interchange in Polk County, IA. A north and south path has been added through the middle of the interchange and several minor adjustments to the other ramps in this interchange.

#### **Kansas**

- -Added postal code 67843 in Ford County, KS.
- -Added postal code 66250 in Johnson County, KS.
- -Added postal codes 67055 and 67276 in Sedgwick County, KS.
- -Added postal codes 66621 and 66683 in Shawnee County, KS.

#### **Kentucky**

- -KY-80 was added as Function Class 3 and KY-121 was downgraded to Function Class 4 in Graves County, KY.
- -A new interchange was added on I-75 at Duncannon Ln (Exit 83) in Madison County, KY.
- -The interchange at KY-259, Functional Class 3, in Leitchfield, KY has been updated.
- -Field verified attributes, geometry and addressing for William Thomason Byway, a new Functional Class 4 road around Leitchfield, KY.
- -Field verified attributes, geometry and addressing for changes to KY-210 between Campbellsville and Hodgenville.
- -1 new subdivision was added in Taylor County, KY.
- -Tolls were removed from entire stretch of Hal Rogers Pky/Daniel Boone Pky in Leslie County as these are no longer in place.
- -Added new section of US-119 in Pike County from Town Mountain Rd to Bent Branch Rd. This new functional class 2 path replaces the former path which followed Zubelon Hwy, Meta Hwy, and Bent Branch Rd. The former path was downgraded to functional class 4.
- -Updated speed limits on I-64 and I-75 near Lexington in Fayette County.
- -A new section of US-68, a functional class 3 road, was updates from just north of Henry Powell Rd to just south of Divine Rd. The previous path of US-68 was downgraded to a functional class 4 road.
- -Updated speed limits on I-265 near Louisville in Jefferson County.
- -Updated KY-904 in Whitley County.
- -Updated naming, addressing, and attributing on functional class 3 and 4 roads in Jefferson County.
- -Updated KY-1039 in Gallatin County.
- -Ronald Reagan Memorial Parkway/KY-3026, a new Functional Class 4, road between KY-10 and KY-8 in Lewis County

has been field verified for geometry and attributes.

- -A new interchange (Functional Class 5) was field verified and added along US-25E in the city of Middlesboro in Bell County.
- -Additional names and addresses were added in Warren County in Q1 2008.
- -Additional names and addresses were added in Lexington Fayette and Jefferson counties, KY

#### **Louisiana**

- -Added/updated 1 subdivision in Bossier Parish, LA.
- -Field verified and added a 4-mile stretch of LA-3213 in St John the Baptist Parish, LA. Also field verified and added new ramp geometry and signs at interchange of LA-3213 and LA-18 in St John the Baptist Parish, LA.
- -The following Airport POIs have been updated in Louisiana: Alexandria Int'l Airport, New Orleans Int'l Airport, and Shreveport Regional Airport.

- -Postal code 48825 was added to East Lansing, MI.
- -Postal code 49037 was added to Battle Creek, MI.
- -Postal code 49544 was added to Grand Rapids, MI.
- -The location of Oden, MI has been researched and updated in the database.
- -Updated 2 subdivisions in Kent County, MI.
- -Updated 1 subdivision in Ottawa County, MI.
- -Updated 1 subdivision in Midland County, MI.
- -Updated 1 subdivision in Macomb County, MI.
- -Field verified and updated the intersections of W Maple Rd and Farmington Rd and W Maple Rd and Drake Rd in Oakland County, MI. Both intersections now incorporate Functional Class 3 roundabouts into the traffic patterns.
- -Updated 1 subdivision in Allegan County, MI.
- -Updated 4 subdivisions in Clinton County, MI.
- -Updated 15 subdivisions in Genesee County, MI.
- -Updated 2 subdivisions in Ingham County, MI.
- -Updated 3 subdivisions in Leelanau County, MI.
- -Updated 7 subdivisions in Oakland County, MI.
- -Updated 35 subdivisions in Washtenaw County, MI.
- -Updated the location of the Airport POI and polygon of Sawyer Int'l Airport in Marquette County, MI.

### **Minnesota**

- -Through Field Verification, the Straight on Signs at Exit 99B and Exit 101B on I-35E and at 80<sup>th</sup> St E and I-494 on US-52 have been updated in Dakota County, MN.
- -The area around and including the I-35W Mississippi Bridge that collapsed has opened for traffic and has been Field Verified for any changes as a result of the bridge replacement. There was no new geometry but some attribute changes were required.
- -Based on Field Verification, the interchange at Valley Creek Rd and I-494 in Woodbury, MN has been updated.
- -Based on Field Verification, the interchange at I-94 and Century Ave in Ramsey County, MN has been updated.
- -Based on Field Verification, US-212, a new bypass in the southwest Minneapolis/St Paul metro area, has opened for traffic between I-494 and CR-11 (formerly CR-149) and had geometry and attributes updated in the database. The old path of US-212 has been downgraded to a Functional Class 3 road and renamed CR-61.
- -The city of North Branch, MN has been added to the DB. This change replaces the city of Branch, MN as the two

entities have merged together.

- -Updated names/addresses in 9 postal codes in Minnehaha County, MN.
- Based on Field Verification, the Rochester Int'l Airport and Brainerd Lakes Regional Airport, both in Minnesota, have been updated for new geometry, signs, POI and attributes.
- -Updated names/addresses in 2 subdivisions in Anoka County, MN.
- -Field verified and added new ramp geometry and signs at the interchange of I-35, a Functional Class 1 road, and CR-17 in Chisago County, MN.
- -Modified city polygon for the following cities in Sherburne County, MN: Princeton, Zimmerman.
- -Field verified and modified ramp geometry and signs at interchange of I-35E and I-694, both Functional Class 1 roads, in Ramsey County, MN.
- -Field verified and expanded a 3-mile stretch of US-10, a Functional Class 2 Road, in Todd County, MN to multi-digitized.
- -Based on NAVTEQ Specification, I-394 HOV Reversible Express Lane has been upgraded to a Functional Class 2 road.
- -Added/updated 1 subdivision in Carver County, MN.
- -Added postal codes 56562 and 56563 in Clay County, MN.
- -Added postal code 56658 in Koochiching County, MN.
- -Added postal code 55701 in St Louis County, MN.
- -Added postal code 56478 in Wadena County, MN.
- -Field verified and added a 6-mile stretch of MN-312 in Carver and Hennepin Counties, MN. Also added new ramp geometry and signs at the following interchanges in Carver and Hennepin Counties, MN: MN-312 and Dell Rd, MN-312 and MN-101, MN-312 and CR-17.
- -Added a new city polygon for Grant in Washington County, MN.
- -Modified city polygons for the following cities in Wright County, MN: Albertville, Delano, Montrose, Otsego, and St. Michael.
- -Additional names and addresses were added in Chisago and Wright Counties in Minnesota

### **Missouri**

- -Based on Field Verification, Exit 127 off of I-44 in Lebanon, MO has been redesigned. The database has been updated with the new geometry, attributes and signs.
- -A new ramp has been Field Verified for updated geometry, signs and attributes from northbound MO-231 to westbound I-255 in St Louis, MO.
- -Based on Field Verification, Exit 127 off of I-44 in Lebanon, MO has been redesigned. The database has been updated with the new geometry, attributes and signs.
- -A new ramp has been Field Verified for updated geometry, signs and attributes from northbound MO-231 to westbound I-255 in St Louis, MO.
- -Based on Field Verification, new ramps have been added from I-470 to US-50 and NW Pryor Rd in Lee's Summit, MO. The changes include new and updated geometry, signs and attributes.
- -Through Field Verification, a new Functional Class 3 roundabout has been added at the intersection of MO-92 and Commercial Ave in Smithville, MO.
- -In Greene County, MO, US-65 has been update through Field Verification to multi-digitized road. These changes have taken place between MO-CC in Fair Grove and E Valley Water Mill Rd near Springfield.
- -Based on Field Verification, US-61 has been updated to a multi-digitized from Canton, MO to US-136.
- -M Graham Airport has been renamed Taney County Airport in Hollister, MO.
- -Based on Field Verification, the geometry and attributes of Oakland Ave in St Louis, MO between Macklind Ave and Kingshighway Blvd has been updated to a multi-digitized road.

- -A new terminal has been added at the Joplin Regional Airport in Jasper County, MO. This includes updates and inclusion of new geometry, signs, attributes and POIs.
- -Updated names/addresses in 6 postal codes in Jackson County, MO
- -Updated names/addresses in 2 postal codes in Lincoln County, MO.
- -Updated names/addresses in 5 postal codes in Platte County, MO.
- -Field verified and added a 2-mile stretch of MO-13/MO-76 in Stone County, MO.
- -Field verified and added Variable Speed Sign conditions on a 38-mile stretch of I-270 and I-255, both Functional Class 1 Roads, in St Louis County, MO.
- -Based on Field Verification, US-160 in Greene County, MO is now a multi-digitized road between MO-266 and MO-744. The geometry, attributes and addressing have been updated as a result.
- -The interchange at Hampton Ave (Exit 34C) and I-64 in St Louis has been closed in the database until at least July 2009.
- -The Winfield Ferry, crossing the Mississippi River between Illinois and Missouri, has closed and has been removed from the database.
- -Based on Field Verification, part of the Kingshighway Blvd (Exit 36A-B) interchange on I-64 has opened to traffic. The geometry, signs and attributes have been updated on these ramps. Additional changes and updates are expected as construction completes.
- -Additional names and addresses were added in Q2 2008 in the following counties: St Louis City, MO, St Louis County, MO.
- -Added/updated 14 subdivisions in St Charles County, MO.
- -Added postal code 64192 in Jackson County, MO.
- -Downgraded a 15-mile stretch of I-64/US-40 and an 8-mile stretch of I-170 in St Louis County and St Louis City, Missouri from Functional Class 2 to Functional Class 3. This downgrade is only temporary, while a major construction project is underway on I-64/US-40, which involves large sections of the interstate to be closed for several months. The construction project is scheduled to be completed by the end of 2009, at which point the temporary functional class downgrades will be modified.
- -Field verified and expanded an 8-mile stretch of US-63, a Functional Class 2 Road, in Taney County, MO to multi-digitized.
- -Field verified and added new ramp geometry and signs at interchange of I-635 (a Functional Class 1 road) and Horizons Pky in Platte County, MO.
- -Field verified and added new ramp geometry and signs at interchange of US-71 (a Functional Class 2 road) and Fairview Ave in Jasper County, MO.
- -Field verified and modified ramp geometry and signs at interchange of I-435, I-470 (both interstates Functional Class 1 roads), and US-71 in Jackson County, MO.
- -Field verified and expanded a 4-mile stretch of US-63 in Adair County, MO to multi-digitized.
- -Field verified and modified ramp geometry and signs at interchange of MO-152 and Maplewoods Pky in Clay County, MO.

### **Mississippi**

- -Additional names and addresses were added in the following counties in Mississippi: Harrison and Hinds
- -Field verified and modified ramp geometry and signs at interchange of MS-3 and MS-16/MS-149 in Yazoo County, MS.
- -Field verified and updated road geometry within the following airport in Mississippi: Jackson-Evers Int'l Airport.
- -Field verified and added a 9-mile multi-digitized stretch of MS-67 in Harrison County, MS.
- -The following Airport POI has been updated in Mississippi: Gulfport-Biloxi Regional Airport.
- -Field verified and added a 5.5-mile stretch of MS-42 in Forrest County, MS. Also included new ramp geometry and

- signs for the interchange of MS-42 and US-11 in Forrest County, MS.
- -Field verified and modified the geometry of US-90 in Harrison County, MS (connecting the cities of Biloxi and Ocean Springs).
- -Field verified and modified ramp geometry at the interchange of I-20, a Functional Class 1 road, and US-80 in Hinds County, MS.
- -Added/updated 10 subdivisions in DeSoto County, MS.
- -Added/updated 11 subdivisions in Harrison County, MS.
- -Added/updated 3 subdivisions in Hinds County, MS.
- -Field verified and added a new 12-mile multi-digitized stretch of US-45 in Marshall County, MS. This included adding new ramp geometry and signs at the following interchanges in Marshall County, MS: US-45 and MS-8.

### **Montana**

- -Additional names, addresses, and geometry were added in the following counties: Carter, Fallon, Flathead, Prairie and Wibaux.
- -Blaine County, MT (Lothair): Added postal code 59547 and changed Hamlet POI to Named Place POI for Lothair.
- -Carter County, MT (Boyes): Added postal code 59316 and changed Hamlet POI to Named Place POI for Boyes.
- -Liberty County, MT (Radersburg): Added postal code 59461 and changed Hamlet POI to Named Place POI for Radersburg.
- -Petroleum County, MT (Teigen): Added postal code 59084 and changed Hamlet POI to Named Place POI for Teigen.
- -Powder River County, MT (Olive): Added postal code 59343 and changed Hamlet POI to Named Place POI for Olive.
- -Rosebud County, MT (Hathaway): Added postal code 59333 and changed Hamlet POI to Named Place POI for Hathaway.
- -Lewis and Clark County, MT: New ramp network along I-15 at Exit 190 at Link PVID 740988369

### **Nebraska**

- -Based on Field Verification, a new interchange has been added to the database at Rosa Parks Way and US-77 in Lincoln, NE
- -Based on Field Verification, the naming and paths of NE-71, NE-92 and US-26 have been updated in Scottsbluff County, NE.
- -Added postal codes 68379 and 68382 in Otoe County, NE.
- -Removed the city polygon and POI for Elkhorn, Douglas County, NE. Area of the old city has been included in the expanded city polygon for Omaha, Douglas County, NE.

### **Nevada**

- -The interchange at I-80 and USA Parkway was adjusted, and sign text was updated in Washoe County, NV.
- -Volunteer Boulevard was upgraded to multi-digitized west of Sun City Anthem Drive in Clark County, NV.
- -Two subdivisions were added and three subdivisions were updated in Clark County, NV. Additional names and addresses were added in Clark County, NV in Q32008.
- -The Named Place POI for Reno was moved from Mill Street to North Virginia Street, and the Long Haul route was moved from Mill Street to East 2<sup>nd</sup> Street and Kuenzli Street in Washoe County, NV
- -Nye County, NV: 3 new subdivisions were added.
- -Signs were field verified and updated at McCarran Int'l Airport in Clark County, NV.
- -The Named Place POI for Reno was moved from Mill Street to North Virginia Street, and the Long Haul route was moved from Mill Street to East 2<sup>nd</sup> Street and Kuenzli Street in Washoe County, NV.

- -Postal codes 89441 (Sparks), 89508 (Reno), and 89519 (Reno) have been added in Washoe County, NV.
- -Ramps were added and modified along US-95 in Clark County, NV, between NV-595/N Rainbow Blvd and I-15. HOV lanes were also added along US-95 between W Lake Mead Blvd and NV-599/N Rancho Dr.
- -N Durango Dr in Clark County, NV was upgraded from a Functional Class 4 road to a Functional Class 3 road between US-95 and CR-215/Bruce Woodbury Belt.
- -Postal Code 89010 (Dyer) was added in Esmeralda County, NV. The Hamlet POI for Dyer was changed to a Named Place POI.
- -The ramps were reconfigured at the I-15 / NV-146 interchange in Clark County, NV.
- -The ramp interchange at CR-215 and West Cheyenne Avenue in Clark County, NV was completed.
- -South Durango Drive was changed to multiply digitized at the interchange with CR-215 in Clark County, NV.

#### **New Hampshire**

- -The following postal codes were added: 03838 (Glen); 03233 (Elkins); 03285 (Thornton); and 03291 (West Nottingham).
- -Rockingham County -- RT-111 has been updated to include a new bypass in Salem and Windham.

#### **New Jersey**

- -Added new subdivision in Morris County, Rockaway Twp.
- -Added new subdivision Toll Brothers Roycebrook Meadows in Somerset County, Hillsborough Twp.
- -Added new ramp splitter leading to W Peddie St from I-78 Eastbound ramp in Essex Co, Newark.
- -Adjusted geometry and verified signs and lane information at the I-280/Garden State Parkway interchange in Essex Co, East Orange.
- -Updated road geometry in the area of the Ocean County Mall in Ocean County and added turn restrictions along CR-571.
- -Added one way entrance for St Clare's Hospital in Morris County, Dover.
- -Changed entrance road to be one way instead of two way at St Clare's Hospital in Sussex County, Sussex, and changed access to allow emergency vehicles.
- -Jersey Shore Premium Outlet Mall entrance was added (Premium Outlets Blvd) along with some new functional class 5 roads just off of RT-66 in Monmouth County, Tinton Falls. The mall will open in Q1 2009 and will be driven and verified once open.
- -Added turn restriction for the no left turn onto Ridgedale Ave from RT-10 and also added new turn lane in Morris County, East Hanover Twp.
- -Additional names and addresses were added in Bergen and Sussex counties.
- -Hudson County – Added new signs from 14<sup>th</sup> St to I-78/RT-139 split in Jersey City.
- -Added new ramps and signs to intersection of County Rd, County Ave, and New County Rd in Hudson County, Secaucus.
- -Added new exit from Parking Lot A to Newark Int'l Airport in Essex County, Newark.
- -Added Prudential Center POI (new arena for New Jersey Devils) in Essex County, Newark.
- -Improved geometry for location of the Lincoln Tunnel in Hudson County.
- -Additional names and addresses were added in Somerset County.
- -Bergen County – Updated geometry at Spring St and Island Rd intersection in Ramsey.
- -Bergen County – Added geometry from RT-208 S toward Garden State Pky/Saddle River Rd in Fair Lawn.
- -Middlesex County – Added new overpass and ramps from RT-18 to Commercial Ave in New Brunswick. Signs were not yet posted, but will be verified in Q3.

- -Middlesex County – Added all new signs at US-1 & RT-35 cloverleaf.
- -Passaic County – Adjusted entrance and exit geometry at Willowbrook Mall in Wayne.
- -Additional names and addresses were added in Burlington and Camden Counties, NJ
- -New subdivisions were added in Burlington County, NJ (1)
- -I-76 E & W from the Walt Whitman Bridge to I-295 in New Jersey, express lanes have been removed.
- -Extensive update of geometry and attributes in downtown Trenton, NJ, Atlantic City, NJ, was completed.
- -Bader Field Airport (Atlantic City, New Jersey) has been Deleted due to its closing.
- -Postal Updating was done in, Atlantic, Burlington, Camden Cape May and Mercer Counties, New Jersey

#### **New York**

- -Updated subdivision in Queens County. Future development is in progress and being tracked.
- -Added new subdivision in Suffolk County near the Islip Courthouse.
- -Removed Construction coding from 70<sup>th</sup> St in Queens Co, New York.
- -Adjusted the entire length of I-890 in Schenectady County to improve road geometry location, including the correction of Z levels and ramp coding at Exit 4 and ramp geometry at Exit 5.
- -Updated street names for routing to Westchester Medical Center POI, including adding road geometry and adjustment of addresses surrounding the hospital. Added children's emergency entrance POI and updated Parent/Child attributes for all POIs related to the medical center.

- -Added name "Rensselaer County Veterans Memorial Hwy" as vanity name to I-90 within Rensselaer County.
- -Added ramp for Exit 40 from Brooklyn Queens Expressway/I-278 to Broadway in Queens County.
- -Added ramp for Exit 50 from Bruckner Expressway (I-278) to Bruckner Blvd in Bronx County
- -A new ramp was added from S Hamilton St to I-86 E in Steuben County, NY.
- -A new interchange was added at Robert Dann Dr and US-15 in Steuben County, NY.
- -A new on-ramp to I-490 East from Boys Club Pl was added in Rochester, Monroe County, NY.
- -The parking lots at the Greater Binghamton Airport in Broome County, NY were updated.
- -The airport polygon and airport roads were updated at the Penn Yan / Yates County Airport in Yates County, NY.
- -The Hamlet of Lysander New Community has been changed to Radisson in Onondaga County, NY.
- -The postal code of 14168 Versailles was added in Cattaraugus County, NY.
- -Cottage Street, Stratford Park, and Champlain St were converted to one-ways in Rochester, Monroe County, NY
- -9 new subdivisions were added in Erie County, NY.
- -3 new subdivisions were added in Monroe County, NY.
- -2 new subdivisions were added in Jefferson County, NY.
- -2 new subdivisions were added in Ontario County, NY.
- -1 new subdivision was added in Yates County, NY.
- -2 new subdivisions were added in Oneida County, NY.
- -A new on-ramp to I-81 South from RT-3 was added in Watertown, Jefferson County, NY
- -Naming for US-62A was changed to US-62-Bus in Niagara Falls, Niagara County.

- -Two new roundabouts were added on US-62 in the Village of Hamburg, Erie County.
- -Additional names and addresses were added in Oswego County in Q1 2008.
- -3 new subdivisions were added in Onondaga County.
- -A new exit (Exit 53) on RT-17 was added in Horseheads, Chemung County. The new exit replaces an at grade intersection and allows the Controlled Access coding on RT-17 to be extended to Exit 54.
- -The exits around the I-86 (Exits 44&45) and US-15 (Exits 4A & 4B) interchange in Painted Post, Steuben County have been reconfigured. A new exit (Exit 44B) off of westbound I-86 was added.
- -New subdivisions were added in Erie County NY (1); Niagara County NY (3)
- -Route 17 in Horseheads and Chemung Counties, NY has been upgraded to I-86 between exits 52 and 56.
- -Additional names and addresses were added in Broome and Ontario Counties, NY

#### **New Mexico**

- -Taos County, NM: Added Taos Regional Airport.
- -Mora County, NM: Added postal code 87723 and changed Hamlet POI to Named Place POI for Holman.
- -Mora County, NM: Added postal code 87735 and changed Hamlet POI to Named Place POI for Ojo Feliz.
- -San Miguel County, NM: Added postal code 87538 and changed Hamlet POI to Named Place POI for Ilfeld.

#### **North Carolina**

- -Several subdivisions added to Pasquotank County, NC per source. Approximately 293 links added countywide.
- -The new path of US-70 between exit 326 and I-40 in Wake and Johnston Counties in NC has been added as a functional class 2 road. The old path has been changed to US-70-BR and downgraded to a functional class 3 road.
- -Additional names and addresses were added in Gaston, NC, Cabarrus, NC, Alamance, NC Union, NC, Cabarrus County, NC, Buncombe County, NC, Burke County, NC, Davidson County, NC, Wake County, NC, Harnett, Haywood, Iredell, Moore, Pitt, Robeson, Rockingham, and Wayne counties in North Carolina
- -All American Expy has been updated to a multiply digitized road from Community Center Rd to Longstreet Rd in Cumberland County, NC
- -S Kenansville Bypass has been updated to multiply digitized from NC-24 to NC-11 in Duplin County, NC.
- -Ten Ten Rd has been updated to a multiply digitized road from the intersection of Kildaire Farm Rd to Chaumont Dr in Wake County, NC.
- -Apex Peakway has been extended from Brittle Way to N. Salem St in Wake County, NC
- -Field verified and updated geometry and signs at Charlotte Douglas International Airport, NC.
- -Field verified and updated geometry and signs at Piedmont Triad International Airport, NC.
- -Field verified and updated geometry and signs at Raleigh Durham International Airport, NC.
- -Ocean Isle Palms subdivision has been updated in Brunswick County, NC.
- -One subdivision has been updated in Cabarrus County, NC.
- -One subdivision has been updated in Mecklenburg County, NC.
- -6 subdivisions have been updated in Wake County, NC
- -The new path of US-17/NC-24 has been added in Onslow County, NC.
- -1 new subdivision has been added in Orange County, NC.
- -New functional class 4 road currently named 'Oscar Keller Jr Highway' was added (with new ramps and signs) and it now connects NC-42/Avents Ferry Rd to US-15/US-1/US-501 with 4 new interchanges in Lee County, North Carolina.
- -George Owen Rd/NC-162 has been updated from a single digitized road to a multi-digitized road in Cumberland County, North Carolina and its function class has been updated to a function class 4.
- -Tiny Broadwick Blvd has been added as a multi-digitized road with a function class 4 in Vance County, North Carolina.
- -The city of Mills River was added in Henderson, NC.

- -Postal Code 28101(Mcadenville) has been added in Gaston County, North Carolina
- -Brunswick County, North Carolina: 86 street names were added in 2 new subdivisions
- -Harnett County, North Carolina: 7 street names were added in 1 new subdivision.
- -The Named Place POI of Mills River was added in Henderson, North Carolina.
- -The name of the old US-117 freeway from I-95 in Wilson, NC to US-70 in Goldsboro, NC was changed to I-795. The road was also upgraded from Functional Class 3 to Functional Class 2.
- -Updated the geometry and sign at ramp interchange US-15-501 and I-85 in Durham County, NC.
- -The interchange between US-64-BR/Wendell Blvd, US-64-BR/Knightdale Blvd, and US-264/US-64 has been updated in Wake County, North Carolina.. The configuration and location of the ramps and roadways were changed in reality and the database was updated to reflect these changes.
- -Added new interchange between New Hope Rd and US-64/US-264 in Wake County, North Carolina.
- -The ramp that connected Rolesville Rd to westbound US-64/US-264 does not exist in reality and was removed from the database in Wake County, North Carolina.
- -NC-87 has been changed and rerouted in Rockingham County, NC in both the towns of Eden, NC and Reidsville, NC.
- -Smith Island Ferry connecting Fort Caswell to Bald Head Island, NC in Brunswick County, North Carolina was removed. The new passenger ferry that runs from Southport, NC to Bald Head Island, NC was entered in its place.
- -The Hamlet POI Edenhous was added to the database in Bertie County, North Carolina.

#### **North Dakota**

- -Based on Field Verification, US-2 has been updated to a multi-digitized road between Ray, ND and US-85. In addition, US-2 has also been updated to a multi-digitized road in Williston, ND. These changes include updated geometry and attributes.
- -Modified city polygon for the following city in Grand Forks County, ND: Grand Forks.
- -Added postal code 58505 in Bismarck County, ND.
- -Added postal code 58202 in Grand Forks County, ND.

#### **Ohio**

- -Additional names and addresses were added in the following counties in Ohio: Lucas.
- -Updated 1 subdivision in Wood County, OH.
- -The Functional Class 3 and 4 network in Lucas County, OH has had geometry, attributes and signs Field Verified.
- -Sandusky County Regional Airport was field verified and added to the database in Sandusky County, OH.
- -Postal codes 43602 and 43624 are no longer in use by the USPS. The area once covered by these postal codes has been taken over by 43604 in Toledo, OH.
- -Updated 5 subdivisions in Lucas County, OH.
- -The Functional Class routing has been evaluated and redefined around Paul Brown Stadium based on some recent changes in road geometry as a result of construction.
- -The intersection of Beaver Run Rd, Functional Class 4, and OH-79, Functional Class 3, in Heath, OH has been eliminated. As a result, a new Functional Class 4 road has been field verified for geometry, attributes and addressing that connects to a preexisting intersection just to the north at Ridgely Tract Rd and OH-79.
- -Extensive update of geometry and attributes along Functional Class 3 and 4 roads was completed in Hamilton County.
- -1 subdivision was added or updated in Greene County.
- -1 subdivision was added or updated in Fairfield County.
- -8 subdivisions were added or updated in Franklin County.
- -7 subdivisions were added or updated in Union County.
- -US-50 has been rerouted across the new Blennerhassett Island Bridge that crosses the Ohio River into West Virginia to

follow the recently added Robert Byrd Hwy south of Parkersburg to I-77 and eastward. Subsequently, US-50 was removed from its former path east of the new bridge, through Belpre and across the Ohio River at the Parkersburg-Belpre Bridge and through downtown Parkersburg, WV.

- -Additional names and addresses were added in Davidson County, TN and Montgomery County, OH in Q3 2008.
- -The Postal code for South Bass Island in Ottawa County, OH has been changed to 43456.

- -Completed postal update in Knox County, TN. Added 501 Streets.
- -"The Avenue" shopping center was added in Rutherford County, TN.
- -The interchange between I-40 and Mt. Juliet Rd (Exit 226) in Wilson County, TN has been modified.
- -Additional names and addresses were added in Hamilton County, TN

#### **Texas**

- -El Paso County, TX: Field verified and updated geometry and signs at El Paso International Airport.
- Additional names and address were added in El Paso County, TX.
- -Extended US-54 to the northeast. A new portion of US-54 was added in El Paso County TX.
- Field verified and added an 11-mile stretch of TX-121-TOLL, a Functional Class 2 Road, in Collin and Denton Counties, TX. Also, field verified and modified ramp geometry and signs at the interchange of TX-121-TOLL and DALLAS NORTH TOLLWAY, both Functional Class 2 Roads, in Collin County, TX.
- -Field verified and added a 20-mile stretch of I-635 HOV LN, a Functional Class 1 Road, in Dallas County, TX
- -Additional names and addresses were added in the following counties in Texas: Collin, El Paso, Fort Bend, Guadalupe, Lubbock, Montgomery, and Tarrant.
- -Additional names, addresses, and geometry were added, as part of upgrading rural counties, in the following counties in Texas: Edwards and Val Verde.
- -Added/updated 1 subdivision in Parker County, TX.
- -Added/updated 1 subdivision in Rockwall County, TX.
- -Added/updated 1 subdivision in Tarrant County, TX.
- -Field verified and added a 3-mile multi-digitized stretch of TX-249 in Harris County, TX. Also field verified and added ramp geometry and signs at interchange of TX-249 and FM-2920 in Harris County, TX.
- -Field verified and added a 10-mile stretch of TX-7-LOOP in Henderson County, TX. Also field verified and added new ramp geometry and signs at the following interchanges along this new stretch of TX-7-LOOP in Henderson County, TX: TX-31, FM-2494, FM-59, TX-19, US-175, and FM-2495.
- -Field verified and added a 3-mile stretch of FM-564 in Wood County, TX.
- -Field verified and updated road geometry within the following airports in Texas: Dallas/Ft Worth Int'l Airport and Dallas Love Field.
- -Field verified and added a 9-mile stretch of TX-45-TOLL/TX-130-TOLL, a Functional Class 2 Road, in Travis County, TX. Also field verified and added new ramp geometry and signs at the following interchanges along TX-45-TOLL/TX-130-TOLL in Travis County, TX: TX-71, FM-812, Elroy Rd, Pearce Ln.
- -Field verified and added new ramp geometry and sign at the interchange of TX-277, a Functional Class 2 road, and Southmore Blvd in Harris County, TX.
- -Functional Class 3 and Functional Class 4 roads have been field verified to update geometry, names, addresses, and

navigation attributes in the following counties in Texas: Brazos, Fort Bend, Rockwall.

- KD Administrative Zones were added for Las Colinas in Dallas County, TX and The Woodlands in Harris & Montgomery Counties, TX.
- -Based on field verification, added the Hamlet POI of Sun City in Williamson County, TX.
- -Field verified and added new ramp geometry and signs at the interchange of I-410, a Functional Class 1 road, and US-281, a Functional Class 2 road, in Bexar County, TX.
- -Field verified and added new ramp geometry and signs at the following interchanges along US-290, a Functional Class 2 road, in Harris County, TX: US-290 and Bauer Rd, US-290 and Fairfield Place Dr, US-290 and Mason Rd.
- -Field verified and added new ramp geometry and signs at the following interchanges along I-35, a Functional Class 1 road, in Williamson County, TX: I-35 and FM-1431/Chandler Rd, I-35 and FM-487, I-35 and CR-111/Westinghouse Rd.
- -Field verified and modified new ramp geometry and signs at the following interchanges along I-35, a Functional Class 1 road, in Williamson County, TX: I-35 and FM-2243, I-35 and CR-205.
- -Additional names and addresses were added in Q2 2008 in the following counties: Brazoria County, TX, Dallas County, TX, and Denton County, TX.
- -Added postal code 77470 in Colorado County, TX.
- -Added postal code 79402 in Lubbock County, TX.
- -Added postal code 76164 in Tarrant County, TX.
- -Added postal codes 78633 and 78665 in Williamson County, TX.
- -Added postal code 76481 in Young County, TX.
- -Field verified and added a 9-mile stretch of TX-99 in Chambers County, TX. Also included new ramp geometry and signs for the interchange of TX-99 and FM-565 in Chambers County, TX.
- -Based on field verification, modified the city polygons of Killeen, Nolanville, and Temple in Bell County, TX.
- -Based on field verification, modified the city polygons of Cedar Park and Round Rock in Williamson County, TX.
- -Evacuation Routes were added for Q1 2008 in the following states: Texas.
- -Field verified and expanded a 7.5-mile stretch of US-96, a Functional Class 2 road, in Jasper County, TX to multi-digitized.
- -Field verified and added new ramp geometry at the interchange of US-59, a Functional Class 2 road, and FM-2919 in Fort Bend County, TX.
- -Field verified and added new ramp geometry at the interchange of US-59, a Functional Class 2 road, and Isleib Rd in Fort Bend County, TX.
- -Field verified and modified ramp geometry and signs at interchange of I-10, a Functional Class 1 road, and FM-3538 in Austin County, TX.
- -Field verified and modified ramp geometry at the interchange of I-10 and I-410, both Functional Class 1 roads, in Bexar County, TX.
- -Field verified and modified ramp geometry and signs at interchange of I-10, a Functional Class 1 road, and Igloo Rd in Waller County, TX.
- -Added/updated 3 subdivisions in Fort Bend County, TX.
- -Added/updated 1 subdivision in Hardin County, TX.
- -Added/updated 1 subdivision in Harris County, TX.
- -Added/updated 6 subdivisions in Parker County, TX.
- -Added/updated 6 subdivisions in Tarrant County, TX.
- -Field verified and modified ramp geometry and signs at interchange of TX-22 and TX-358 in Nueces County, TX.
- -Field verified and modified ramp geometry and signs at interchange of US-183 and Lake Creek Pky in Williamson County, TX.

- -Field verified and modified ramp geometry and signs at interchange of TX-183A-TOLL and Lakeline Blvd in Williamson County, TX.
- -Based on field verification, modified the city polygon of Oak Ridge North in Montgomery County, TX.

- **Utah**

- -Salt Lake City Count, UT (Salt Lake City): I-215 was updated in Salt Lake County, UT where Legacy Pky begins at Link PVIDs: 765924857 to 765936173 in both directions.
- -Weber County, UT: I-15 was modified due to changed motorway alignments over the past two years and the addition of multiple lanes in each direction at Link PVID 32127397 to 124026847)
- -Davis County/Salt Lake County, UT: Added Legacy Pky (UT-67) as a controlled access, Function Class 3 highway from I-215 in Salt Lake County and ends at the I-15 and US-89 interchange in Davis County. This included a new off-ramp from southbound I-15 (Exit 324); a new off-ramp from US-89 Southbound (Exit 394); and new on and off-ramps from I-215 (Exit 26). The Function Class 4 network in Davis County was expanded to Legacy Pky at W 500 S at Link PVID 765934747 and W Parrish Ln.
- -Salt Lake County, UT: Modified the ramps at I-215 and Redwood Rd due to the addition of Legacy Pky. The exit number changed from exit 28 to exit 27
- -Weber County, UT: The ramps (Exit 344) at W 1200 S (UT-39) and I-15 were updated in Weber County, UT
- -Postal Code 84315 extents were modified.
- -Davis County, UT: Extensive update of geometry and attributes in Davis County was completed.
- -Summit County, UT: Changed Hamlet Point of Interest name from Keetley Junction to Quinn's Junction at Link PVID 32126409
- -Piute County, UT: Added postal code 84732 and changed Hamlet POI to Named Place POI for Greenwich.
- -Salt Lake County, UT: Added postal code 84096 and changed Hamlet POI to Named Place POI for Herriman.
- -San Juan County, UT: Added postal code 84533 and changed Hamlet POI to Named Place POI for Lake Powell.
- -Uintah County, UT: Added postal codes 84008 and changed Hamlet POI to Named Place POI for Bonanza.
- -Uintah County, UT: Added postal code 84063 and changed Hamlet POI to Named Place POI for Randlett.
- -Utah County, UT: Added postal code 84005 and changed Hamlet POI to Named Place POI for Eagle Mountain. Added postal code 84045 and changed Hamlet POI to Named Place POI for Sarasota Springs.
- -Wasatch County, UT: US-189 was significantly re-routed

- **Vermont**

- -The following postal codes were added: 05073 (Taftsville); 05408 (Burlington); 05666 (North Montpelier); and 05868 (Troy).

- **Virginia**

- -Additional names and addresses were added in Loudoun County, VA.
- -Roads around Richmond International Airport in Henrico County, VA have been closed for construction. New entry points and traffic flow will be added between now and 2010.
- -VA-267/Dulles Greenway, new interchanges were added at exits 2 and 3 in Loudoun Co., VA.
- -Exit 290 on I-64 in Chesapeake, VA has been adjusted to reflect construction to the ramps.
- -Postal code additions: 24628 Buchanan, VA
- -Extensive update of geometry and attributes in downtown Richmond, VA was completed.
- -Point Addressing was added in Fairfax Co. and Fairfax City, Virginia
- -Postal code 22551 split off from 22553 in Spotsylvania Co., Virginia
- -Postal Updating was done in Prince William County, Virginia

### **Washington**

- -King County, WA (Seatac): Field verified and updated geometry and signs at Seattle-Tacoma International Airport.
- -Additional names and address were added in Kitsap County, WA.
- -Additional names and addresses were added in Snohomish County, WA.
- -Additional names and addresses were added in Spokane County, WA.
- -Additional names and addresses were added in Whatcom County, WA.
- -King County, WA (Auburn): HOV attributes updated on WA-167 at Link PVID 124465327.
- -King County, WA (Bellevue): Updated geometry and attributes for the Overlake Hospital Medical Center at Link PVID 756765692.
- -King County, WA (Seatac): Seattle-Tacoma International Airport updated to reflect new modifications to road geometry.
- -Kitsap County, WA: The geometry for the interchange between WA-3 and WA-303.
- -Benton County, WA: Ramps were updated at the interchange at WA-204 and Columbia Park Trail at Link PVID 749258999
- -Benton County, WA (Richland): Add postal code 99354
- -Benton County, WA: Modified Keene Rd geometry to reflect changes to re-alignment at Link PVID 121765033.
- -King County, WA (Redmond): New ramp flyover ramp added from westbound Redmond Way to southbound WA-520 at Link PVID 750171678.
- -Pierce County, WA (Tacoma): A new Toll Plaza was added to WA-16 the Tacoma Narrows Bridge at Link PVID 744682387.
- -King County, WA (Kirkland): Added new direct access HOV ramp at I-405 and NE 128th St in Kirkland, WA, and re-aligned ramp geometry in the area of Link PVID 743388300 and 743334525.
- -Pierce County, WA (Tacoma): Modified ramp geometry and signs at the interchange of I-5 and WA-16 in Tacoma, WA at Link PVID 741034323 and 741034197.
- -Snohomish County, WA (Everett): Modified ramp geometry I-5 and 41st Street/Broadway at 741029345 and 741029347
- -Cowlitz County, WA: Additional names and addresses were added in Cowlitz County, OR in Q12008
- -Skagit County, WA: Additional names and addresses were added in Skagit County, WA Q12008

### **West Virginia**

- -A new interchange, including Exit 40 Westbound and Eastbound, was added along I-64 at Crooked Creek Road in Scott Depot, Putnam County, WV.
- -WV-9 (Functional Class 3) has been extended from Currie Road north to Leetown Road in Jefferson County. The old section of WV-9 has been downgraded to a Functional Class 4.
- -Postal updating was done in Kanawha County, WV.

### **Wisconsin**

- -Based on Field Verification, US-10 from 11<sup>th</sup> Ave in Durand, WI to CR-P on the west side of the Chippewa River has been updated for new geometry and attributes.
- -Field verified and expanded a 7-mile stretch of US-10, a Functional Class 2 Road, in Portage County, WI to multi-digitized. Also added new ramp geometry and signs at the interchange of US-10 and CR-J in Portage County, WI.
- -Added postal code 54123 in Calumet County, WI.
- -Field verified and added new ramp geometry and signs at interchange of WI-29 (a Functional Class 2 road) and County

Road Y in Marathon County, WI.

- -The interchange at I-94/I-43 and I-794 has been redesigned and Field Verified for new geometry, updated signs and attributes. A few sections remain closed to traffic that will be monitored and updated upon opening.
- -The Outagamie County Regional Airport has been Field Verified and updated for any geometry, signs, POI and attribute changes.
- -In Sheboygan County, WI, WI-42 has had significant changes around the interchange with I-43 that have been Field Verified.
- -Additional names and addresses were added in the following counties in Wisconsin: Racine and Waukesha.
- -Postal code 53127 was added to Waukesha County, WI along with the associated Name Place POI of Genesee Depot.
- -Extensive update of geometry and attributes along Functional Class 3 and 4 roads was completed in Milwaukee and Ozaukee counties
- -A construction project on I-65, a Functional Class 2 road, between the 15<sup>th</sup> Ave interchange and I-80/I-94/US-6 has been closed. More specifically, from the southbound I-65 ramp to 15<sup>th</sup> Ave to where Exit 11 from I-80/I-94/US-6 connects with I-65 has been closed. Heading northbound from Exit 259B on I-65 to where the ramp from eastbound 15<sup>th</sup> Ave connects to I-65 has been closed. In addition, all ramps excluding Exit 259B northbound I-65 have been closed at I-65 & I-80/I-94/US-6. This closure has affected the Functional Class coding here in that everything that has been closed was downgraded from Functional Class 2 to Functional Class 3. This Functional Class change also required some changes in Functional Class coding with the ramps to and from I-65 and I-90 for connectivity. Furthermore, the Long Haul coding has also been removed from the closed sections.
- -The Functional Class 4 path of N 107<sup>th</sup> St between W Hampton Ave and W Sheridan Ave, W Sheridan Ave between N 107<sup>th</sup> St and N 103<sup>rd</sup> St and N 103<sup>rd</sup> St between W Sheridan Ave and W Silver Spring Dr has been downgraded to a Functional Class 5 road in Milwaukee, WI.
- -The Functional Class 4 path of S Green Bay Rd and 12<sup>th</sup> Ave between Green Bay Rd and Beech St in Grafton, WI has been downgraded to a Functional Class 5 road.
- -Postal code 54980 was added to Waukau, WI.

### **Wyoming**

- -Lincoln County, WY: US-189 was added and upgraded to Function Class 3.
- -Niobrara County, WY: Long Haul was modified on Function Class 5 links adjacent to a Function Class 2 for Rest Area access.
- -Carbon County, WY: Added postal code 82615 and changed Hamlet POI to Named Place POI for Shirley Basin.

## **CANADA - Major Improvements and Newly Detailed City Listing**

### **Alberta**

- *Completed 21 Alignment and Interchange Improvements to 6 Freeways and Major Highways, including:*
  - *Alignment and geometry improvements to 14 sections of AB-2*
  - *Expansion of AB-216 in the southeast quadrant of Edmonton*
- *Added 7,062 addresses & 651 miles of streets.*

### **British Columbia**

- *Completed Improvements to 2 Interchanges on TCH-16 and BC-97C*
- *Added 7,782 addresses & 1,039 miles of streets.*

**Manitoba**

- Completed one DCW project on MB-101
- Added 239 addresses & 8 miles of streets.

**New Brunswick**

- Completed 20 Alignment and Interchange Improvements to 8 Freeways and Major Highways,:
  - Alignment and geometry improvements to 10 sections of NB-1
  - Alignment and geometry improvements to 6 sections of NB-11
- Added 8,778 addresses & 4,490 miles of streets.

**Newfoundland & Labrador**

- Completed 12 Alignment and Interchange Improvements to 5 Freeways and Major Highways,:
  - Alignment and geometry improvements to 4 sections of TCH-1
  - Alignment and geometry improvements to 5 sections of NL-2
- Added 6,703 addresses & 3,196 miles of streets.

**Nova Scotia**

- Province-wide upgrade of streets, addresses, interchanges, with provincial data
- Alignment and geometry improvements to 3 sections of Highways NS-111 and NS-125,
- Added 30,243 addresses & 13,131 miles of streets.

**Ontario**

- Reconstruct ramp network throughout Toronto Pearson Int'l Airport complex
- Completed 13 Alignment and Interchange Improvements to 7 Freeways and Major Highways, including: ON-401 (8 sections), ON-402, ON-403, ON-406, ON-410,
- Added 19,274 addresses & 1,972 miles of streets.

**Prince Edward Island**

- Added 6,470 addresses & 2,243 miles of streets.

**Quebec**

- Completed 41 Alignment and Interchange Improvements to 6 Freeways, including TCH-15, TCH-20, TCH-40, TCH-117, TCH-185, Aut-440,
- Completed 30 Alignment and Interchange Improvements to 16 Major Highways, including QC-13, QC-15, QC-55,
- Added 21,334 addresses & 1,828 miles of streets.

**Saskatchewan**

- Alignment and geometry improvements to 7 sections of TCH-1
- Alignment and geometry improvements to 2 sections of TCH-16
- Added 1,255 addresses & 105 miles of streets.

**Yukon**

- General Currency Updates
- Added 105 addresses & 6 miles of streets.
