Lexus Certified Pre-Owned

Why Choose Us?

All Lexus Certified Pre-Owned Vehicles undergo a 161-point inspection and reconditioning process. Additionally, every vehicle is backed by a Lexus three-year/100,000 total vehicle mile warranty and the same level of customer care as a new Lexus. Visit LexusCPO.com for more information.

Current Promotions

Yes

- **Warranty Deductible - No**

This is the amount for which you are responsible when repair work is performed under the warranty. Some manufacturers require a deductible while others don't, so always ask.

- **Transferable Warranty - No**

When a new-car warranty transfers with the certification of the car and remains eligible for the next owner, it is known as a transferable warranty. Once the original transferable warranty expires, an extended warranty takes effect.

Lexus Certified Pre-Owned

Features & Benefits

- **Age/Mileage Eligibility** - 6 model years or newer / less than 70,000 miles

To even be considered for certification, a car must be a recent model year and have limited mileage. The exact requirements are established by individual manufacturers.

- **Point Inspection** - 161

These inspections entail a comprehensive vehicle test to ensure that all parts are in excellent working order. The point inspection list is simply a numbered list of exactly what parts of the car are examined. While many inspections range from a 70- to 150-point checklist, most are very similar and are performed using strict guidelines. Ask your local dealer about specific details

- **Roadside Assistance** - Yes

Most certified pre-owned programs offer free roadside service in case your car breaks down while still under warranty.

- **Return/Exchange Program** - No

Some manufacturers offer a very limited return or exchange period. Find out if you will get the sales tax and licensing/registration fees back should you return or exchange the car.

- **Special Financing** - Yes

Reduced-rate loans are available through many certified pre-owned programs. Manufacturer-backed inspections and warranties help eliminate the risks involved with buying pre-owned, so buyers that qualify can take advantage of the great offers.

- **Lease Term Certified** - Yes

Some manufacturers offer certified pre-owned cars for lease. The length of the lease is often shorter than a new-car lease, but it will cost you less.

Glossary

CARFAX History Impact™

Accidents, service records, number of owners and many other history factors can affect a vehicle's value. The CARFAX History Impact is a tool that analyzes millions of used car transactions to measure how the combination of all the information reported to CARFAX affects the value of a particular vehicle. The vehicle's retail book value plus the CARFAX History Impact will give you a more accurate measure of the vehicle's value. Use this tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
